

# Sports Starting Systems.

## PA / Tone Features

The Sports Starting System can be used as a portable public address system and a stand alone starting unit with a choice of options and combinations including swim tones, simulated pistol shot and 20m beep test routine.

The system can be connected to various electronic timing systems to activate the timing.

The Sports Starting System is intended to replace the starting pistol for the starting of athletic and swimming events. The system provides the benefits of:

- ❖ Talk through public address facility with optional extensional speaker;
- ❖ Time keepers / competitors strobe light;
- ❖ Normally open or closed contacts to interface with a timing system if used;
- ❖ Safe and reliable to use in all weather conditions or in pool areas;
- ❖ Portable (approx 4kg) and simple to setup and operate; and
- ❖ Rechargeable batteries providing 12 -16 hours continuous operation

# Sports Starting Systems.

**The basic system comes with two different starting tones for swimming and simulated shot for athletics and is shipped with the following items:**

1. The electronic PA / Tone starting system housing and horn;
2. Rechargeable Batteries;
3. Microphone handpiece;
4. Strobe light assembly including LED module, cover, straight coupling, right angle coupling and length of 20mm PVC conduit;
5. Microphone extension cable and inline coupler;
6. 12 Volt smart charger; and
7. Optional items (if purchased)

## **Optional Items include:**

- ❖ An 8 ohm 30 watt external speaker and 30m cable which can be connected in parallel with the on board speaker for additional sound coverage;
- ❖ UHF handheld ('walkie talkie') radio set for remote PA operation and interface cables for other radio units;
- ❖ Interface cables for operation with other PA systems, iPods or MP3 players;
- ❖ Interface cables for operation with a variety of timing systems;
- ❖ Fold away lectern for starting official use; and
- ❖ Other sound routines including:
  - 20 metre beep test;
  - Alert and Evacuation tones;

(Any combination of sound routines can be included.)
